Dear Sir or Madam:

I am a resident of Wyoming and live on the eastern side of Yellowstone National Park. Over the years I have had the chance to hike and fish on the many drainages surrounding Yellowstone. As such, I have had the opportunity to know a bit about the Snake River and the salmon habitat. I encourage you to support Alternative 4 in the CORPS' Draft EIS. I believe this is the most cost effective and likely-to-succeed plan available to us.

Thank you for your consideration of this letter and please consider this a formal comment on the lower Snake River Juvenile Salmon EIS.

Sincerely,

Robert J. Keith
